TECHNICAL MANUALS*

Newport provides technical manuals for most American military & commercial aircraft; including: engines, accessories, components and support equipment.

We supply USAF TO's, Navy-NAVAIR's, Army-TM's, Army-DMWR's, flight manuals, maintenance manuals, overhaul/repair manuals, illustrated parts catalogs and IPB's to meet any technical data requirement.

Used for: overhaul and repair of accessories and components, spare part replacement information, vendor information, location and identification of repair parts, acceptance test procedures, and part number cross reference information.

ENGINEERING DRAWINGS*

We supply complete **non-proprietary** manufacturers engineering drawings and detailed drawings on American-made spare parts and components. To satisfy requirements for:

PMA • Contract Bidding

Manufacturing • Repairs • Inspection

We can supply you with the latest revisions, updates, and changes on **unclassified** engineering drawings currently used by the US military services.

SAME DAY AVAILABILITY VIA ELECTRONIC DOWNLOAD

NEWPORT AERONAUTICAL

With over 40 years experience, Newport Aeronautical Sales is the largest aircraft technical data supplier in the US. We supply technical manuals and engineering drawings for most American-made commercial and military aircraft. We specialize in aircraft from the early 1940's to the present. In fact, we are the only company that truly specializes in technical manuals and engineering drawings on a full-time basis. We have the most complete library of technical manuals and engineering drawings available anywhere. With over 500,000 technical manuals, 1,000,000 engineering drawings and our vast network of suppliers, Newport can fulfill your technical data needs. Our knowledgeable and experienced staff will help to satisfy your requirements, without delay. No matter whether you need technical data for contract bidding, quoting the repair or inspection, we can help you get the information you need right away.

We look forward to serving you.

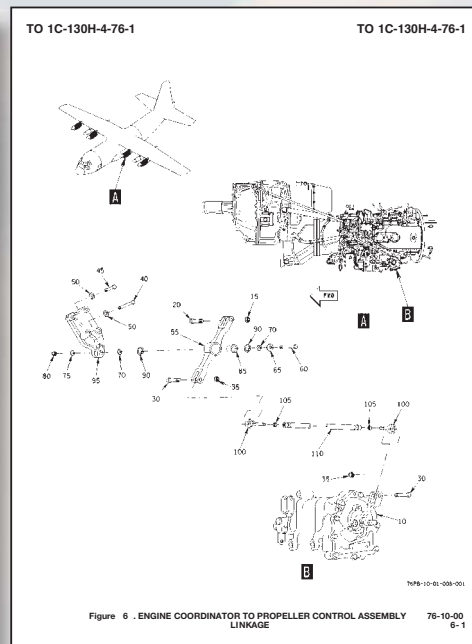

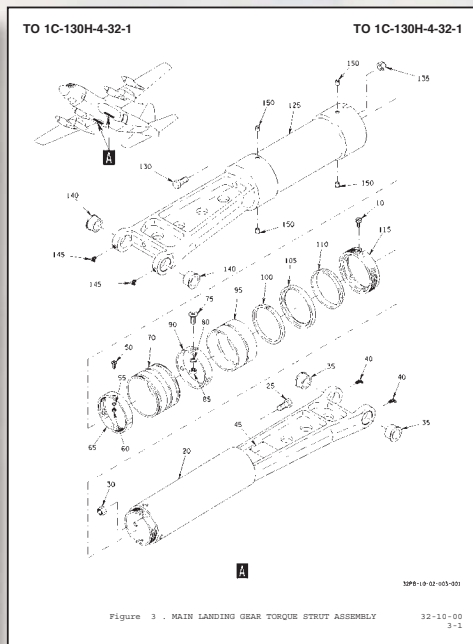

Sincerely,
George M. Posey, III
